

PROVIDER ALERT

July 19, 2010

Copayments for State-funded Dually Eligible Medicare/Medicaid Consumers

Effective Immediately: Per MHA instructions, copayments will be deducted from the reimbursement for services provided to state-funded dually eligible Medicare/Medicaid consumers (SDUL).

Providers may refer to the reimbursement schedule, posted on this website, to identify the services for which copayments are applicable:

(http://maryland.valueoptions.com/provider/cliams_finance/PMHS_Reimbursement_Schedule.pdf).

In the future, adjustments will be made to the claims previously paid in full, i.e. without deducting the appropriate copayment. Providers will receive advance notice before the retraction process begins.
